Los marxistas liberales: Antifascismo y cultura comunista en la Argentina del siglo XX (Spanish Edition) Ricardo Pasolini

¿Un marxismo liberal? Sí, en la historia política argentina del siglo XX se advierte ese vínculo evidente que faltaba explicar: por qué en la esfera cultural del Partido Comunista Argentino, fue un marxismo de corte liberal y no otro el que imprimió por largo tiempo el sello distintivo en las imaginaciones políticas de sus intelectuales y militantes.

Ricardo Pasolini analiza el itinerario de una generación que arribó al campo de la cultura en el momento en que en el mundo se organizaba la lucha contra el fascismo. El autor demuestra que la acción política y cultural de los intelectuales comunistas en el largo plazo se halla fuertemente condicionada por el impacto que tendrá en ellos el "momento antifascista de la cultura argentina". Una tesis que responde a una pregunta histórica muy presente en términos morales en las diferentes familias políticas argentinas: ¿por qué los comunistas se colocaron en el campo político del antiperonismo?
