**A space shuttle is destroyed during flight, and the CIA recalls disgraced agent Blaine McCracken to uncover the people responsible**

A space shuttle disappears during a routine repair mission, 180 miles above Earth's surface. An intelligence operative with a dark secret is murdered, his car set ablaze, while he is in the middle of fulfilling a depraved fantasy. And a reporter receives a message from a dying man that suggests the organization responsible may be one of the world's most prestigious corporations.

The government knows just one man who can untangle this mystery: a throwaway on the deactivated list. Exiled to a desk job in Paris for stepping on the wrong toes, Blaine McCracken is a killer—a ruthless pursuer of truth who will let no one, friend or enemy, stand in his way when civilian lives are in danger.

McCracken gets results, and his country needs him now more than ever.

This ebook features an illustrated biography of Jon Land including rare photos from the author's personal collection.
