The PRINCE2 Agile guide supports a new qualification which is being offered as an extension for those who already hold a PRINCE2 Practitioner qualification. PRINCE2 Agile is the most up-to-date and relevant view of agile project management methodologies and the only framework covering a wide range of agile concepts, including SCRUM, Kanban and Lean Startup. The strength of PRINCE2 lies in the areas of project direction and project management whereas agile has a very strong focus on product delivery. When PRINCE2 and agile are combined, project direction, project management and project delivery are all optimized to create the world's most complete project management solution. PRINCE2 Agile provides guidance on tailoring PRINCE2 in an agile context and covers. Key features: •How to tailor the integrated set of PRINCE2 principles, themes and processes

•How to map the common agile roles to the PRINCE2 project management team structure

• How to incorporate the fundamental agile behaviours, concepts and techniques into PRINCE2
