## **Charlie's Place: The Saga of an American Frontier Homestead** Michael S. Malone

Charlie's Place is the story of an Oklahoma homestead, settled during the Land Rush, lost during the Great Depression and restored seven decades later. It is an American tale of pioneering, loss and restoration. The narrative revolves around two memorable figures, Charlie Hasbrook and his grand-daughter, Nadiene Malone. The book follows the events that led Hasbrook to ride in the Land Rush - including three violent murders in Kansas and Oregon; then continues with desperate years on the Homestead continuing through the decades of prosperity that followed. Losing the farm to an unscrupulous banker during the Depression, teenaged Nadiene made an oath to regain the farm for her family. The last section of the book swings from Silicon Valley to New York City, to the lonely, long-abandoned Hasbrook Homestead, as Malone and her children race to save the farm buildings before they collapse from years of neglect. In the end, at nearly ninety years of age, she fulfills her promise.
