Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series)

Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series)

This comprehensive volume discusses approaches for a systematic selection of delivery systems for various classes of therapeutic agents including small molecule, protein, and nucleic acid drugs.

Specific topics covered in this book include:

- Solution, suspension, gel, nanoparticle, microparticle, and implant dosage forms
- Refillable and microneedle devices
- Intravitreal, suprachoroidal, intrascleral, transscleral, systemic, and topical routes of delivery
- Physical methods including iontophoresis for drug delivery
- Rational selection of routes of administration and delivery systems
- Noninvasive and continuous drug monitoring
- Regulatory path to drug product development
- Clinical endpoints for drug product development
- Emerging and existing drugs and drug targets *Drug Product Development for the Back of the Eye* is authored by renowned ocular drug delivery experts, representing academic, clinical, and industrial organizations and serves as indispensable resource for ophthalmic researchers, drug formulation scientists, drug delivery and drug disposition scientists, as well as clinicians involved in designing and developing novel therapeutics for the back of the eye diseases. This book is also relevant for students in various disciplines including ophthalmology, pharmaceutical sciences, drug delivery, and biomedical engineering.

From reader reviews:

Elvis Quinlan:

What do you ponder on book? It is just for students as they are still students or it for all people in the world, what the best subject for that? Just you can be answered for that issue above. Every person has diverse personality and hobby for every other. Don't to be forced someone or something that they don't want do that. You must know how great and also important the book Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series). All type of book are you able to see on many sources. You can look for the internet solutions or other social media.

Marina Tucker:

The reason? Because this Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will jolt you with the secret that inside. Reading this book alongside it was fantastic author who also write the book in such incredible way makes the content within easier to understand, entertaining method but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of gains than the other book include such as help improving your ability and your critical thinking approach. So , still want to postpone having that book? If I ended up you I will go to the reserve store hurriedly.

Sylvia Grable:

Are you kind of occupied person, only have 10 as well as 15 minute in your moment to upgrading your mind skill or thinking skill even analytical thinking? Then you are receiving problem with the book compared to can satisfy your short period of time to read it because this time you only find reserve that need more time to be read. Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) can be your answer given it can be read by an individual who have those short extra time problems.

Armando Morris:

Some people said that they feel fed up when they reading a publication. They are directly felt the idea when they get a half regions of the book. You can choose typically the book Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) to make your own reading is interesting. Your personal skill of reading proficiency is developing when you just like reading. Try to choose basic book to make you enjoy to learn it and mingle the opinion about book and studying especially. It is to be 1st opinion for you to like to open a book and learn it. Beside that the e-book Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) can to be your brand-new friend when you're really feel alone and confuse with what must you're doing of their time.
