Al Tompkins reminds students about a disarmingly simple truth about broadcast journalism: people remember what they feel. If you aim for the heart with the copy you write and the sound and video you capture, you will never fail to grab your viewers and compel them to keep watching. With humor, honesty and directness, Tompkins bottles his years of experience and insight in a new second edition that offers students the fundamentals they need to master, with the practical know-how they can immediately put to use.
