**International Handbook of Convertible Securities** Thomas Noddings  
THE INTERNATIONAL HANDBOOK OF CONVERTIBLE SECURITIES

Long overlooked by mainstream money managers, convertible securities are catching fire within the alternative investment community.

Taking advantage of their systematic undervaluation relative to conventional stocks and bonds, investors are now using convertibles within a broad spectrum of investment strategies, ranging from high performance cash alternatives to small company stocks.

New convertibles structures and advanced hedging strategies are on the leading edge of the financial markets. The International Handbook of Convertible Securities is a must-read for all investors seeking exceptional risk-adjusted returns in the financial markets. --*This text refers to the hardcover edition of this title*
