**Inference Activities: For school-age children, 8-12** David J Newman

The **Inference Activities** workbook is an easy to use manual that has been designed to engage your students with high interest scenarios. Each scenario contains several questions which prompt your students' thinking and problem solving abilities.

This **inferencing activities** book focuses on teaching students **inference** and **thinking skills**.

The book has over 100 compelling fiction and non-fiction scenarios to explore.

After reading a scenario, students are prompted to look beyond surface details in the text and find the **concealed** meaning. This requires students to use their **inferencing ability**, an essential reading comprehension skill.

The activities feature **six sections**:

**Section 1:** Inference from Pictures and Text

**Section 2:** Sentence level Inference

**Section 3:** Paragraph level Inference (Non-fiction)

**Section 4:** Paragraph Level Inference (Fiction)

**Section 5:** Text Level Inference (Non-fiction)

**Section 6:** Text Level Inference (Fiction)

For school students ages 8-12.
