The Baby Planner Josie Brown

***The Nanny Diaries* meets *The Wedding Planner* in this smart, dishy novel from the author of *Secret Lives of Husbands and Wives*—featuring a woman who runs San Francisco’s premier baby planning company and the mummies-to-be who seek out her services.**

Today’s trend seems to be that long before a professional woman’s baby bump becomes obvious under her Armani suit, she turns to San Francisco’s premier baby planner, Maddie McFadden, whose job it is to make her clients’ pregnancies emotionally painless. Maddie may make her living consulting with new moms on the latest and greatest baby gadgets no parent should be without, or which mommy meet-ups are the most socially desirable, but the success of her marriage to husband Brady depends on controlling her own urges toward motherhood. He’s adamant that they stay childless, but Maddie suspects it’s only because he’s still too upset that his out-of-town ex-wife rarely lets him see their eight-year-old son. Living vicariously through her clueless clients and her twin sisters’ precocious toddlers only makes Maddie’s biological clock tick louder. As she helps her newest client—Tyler Halstead, a stockbroker who must raise his newborn alone after the tragic death of his wife in childbirth—she tries her best to get pregnant “accidentally.” If that should happen, Brady will have to live with it... right? But when the unexpected happens, Maddie learns the most important life lesson of all: How we nurture is the true nature of love.

From reader reviews:

Michael Chapman:

What do you ponder on book? It is just for students since they are still students or the idea for all people in the world, what best subject for that? Just you can be answered for that issue above. Every person has various personality and hobby for every single other. Don't be pressured someone or something that they don't want do that. You must know how great and also important the book The Baby Planner. All type of book can you see on many resources. You can look for the internet resources or other social media.

Mary Ybarra:

Book is to be different for every single grade. Book for children until finally adult are different content. We all know that that book is very important for all of us. The book The Baby Planner was making you to know about other understanding and of course you can take more information. It is quite advantages for you. The publication The Baby Planner is not only giving you considerably more new information but also being your friend when you experience bored. You can spend your own personal spend time to read your e-book. Try to make relationship while using book The Baby Planner. You never feel lose out for everything in case you read some books.

Gerald Warfield:

Many people spending their period by playing outside with friends, fun activity having family or just watching TV 24 hours a day. You can have new activity to spend your whole day by studying a book. Ugh, ya think reading a book can really hard because you have to use the book everywhere? It fine you can have the e-book, taking everywhere you want in your Smart phone. Like The Baby Planner which is keeping the e-book version. So , try out this book? Let's find.

Norma Barnes:

As a pupil exactly feel bored to be able to reading. If their teacher expected them to go to the library as well as to make summary for some reserve, they are complained. Just little students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this The Baby Planner can make you truly feel more interested to read.
