## The APhA Complete Review for Pharmacy

The APhA Complete Review for Pharmacy contains only the information most relevant to the NAPLEX® (North American Pharmacist Licensure Examination®, the standard licensing exam that all U.S. pharmacy students must pass to practice pharmacy.) The information is summarized in abbreviated bullet format.

A one-volume compilation of pharmacy knowledge, The APhA Complete Review for Pharmacy is also a popular reference for busy practitioners wishing to stay current.

### Key Features:

- All 42 chapters and 900+ review questions have been reviewed and revised by the authors and editorial team to provide up-to-date information and concepts.
- The tables that list medications now indicate the top 100 drugs in boldface to alert the reader to medicines in frequent use.
- A summary of a chapter's concepts, Key Points, has been moved from the back of the chapter to the very front, and it is followed by a new feature, the Study Guide Checklist, intended to help readers assess their readiness for the NAPLEX®.
- The Complete Review contains more than 900 practice exam questions and answers, plus explanations that reinforce key learning points.
- Seasoned advice from Peter A. Chyka on studying for and taking the NAPLEX® and MPJE®.
