About the Book

Williams Gynecology Second Edition Study Guide is an evidence-based review book derived directly from the content of Williams Gynecology, Second Edition (4/12), to assess comprehension and retention of material covered in the text.

The table of contents mirrors that of the larger book. The study guide's 2000+ evidence-based questions combines straight Q&A with clinical vignettes testing readers on both their factual knowledge and decision-making skills. The questions are followed by an answer key which provides the correct answer and cites the page number in the text where detailed discussion of the topic can be found for further study. Owing to this unique feature, the study guide is integral to the full use of the text and will be available packaged with the text. They will publish simultaneously.

The first edition of Williams Gynecology has been a terrific success, reaching its lifetime sales goal within its first year of publication. It is a full-color, evidence-based resource, and the only book on the market to combine a medical text with a procedural atlas. The study guide will feature a 2/c design to tie it visually to the text.

Key Selling Features

- Over 2000 evidence-based multiple choice questions thoroughly covering every major topic in current clinical gynecology, including General Gynecology, REI and Menopause, Pelvic Medicine and Reconstructive Surgery, Gynecologic Oncology, and Gynecologic Surgery.
- Questions are derived straight from the popular new gynecology text, Williams Gynecology
- Answer key cites text page numbers for in-depth discussion and further reading
- 2/c design
- Review Q&A derived directly from the best new gynecology reference, Williams Gynecology
