Years of Renewal Henry Kissinger

Perhaps the best-known American diplomatist of the twentieth century, Henry Kissinger is a major figure in world history, winner of the Nobel Peace Prize, and arguably one of the most brilliant minds ever placed at the service of American foreign policy, as well as one of the shrewdest, best-informed, and most articulate men ever to occupy a position of power in Washington.

The eagerly awaited third and final volume of his memoirs completes a major work of contemporary history. It is at once an important historical document and a brilliantly told narrative of almost Shakespearean intensity, full of startling insights, unusual (and often unsparing) candor, and a sweeping sense of history. *Years of Renewal* is the triumphant conclusion of a major achievement and a book that will stand the test of time as a historical document of the first rank.
