The Holcroft Covenant: A Novel Robert Ludlum

The Fourth Reich is waiting to arise—and the only man who can stop it is about to sign its birth certificate. In 1945 the children of the Third Reich were secretly hidden all over the world, to be concealed until they came of age in the 1970s, at which point \$780 million would be waiting in a Swiss bank. But all of these elaborate plans need an unsuspecting outsider to set them in motion: Noel Holcroft, the American son of a high-ranking Nazi officer. He has just been shown an incredible document known as the Holcroft Covenant. If he signs, he will inadvertently deal a serious blow to an already fragile world—and authorize his own death warrant.
