Getting Ready for Dialysis: What you need to know Dr Deepak Mittal

Many people feel its the end of the world when it comes to dialysis. While there is lot of information available on dialysis, there are no books written on helping patients choose the right options of treatments available at present time. My book helps alleviate some of the fears of dialysis. It prepares the individuals to make the right decisions at each step. This book is based on my personal experiences working in various dialysis clinics. From these experiences I have developed strategies, techniques and exercises to help my patients accomplish the best outcomes.
