The Snowy Owl (Poyser Monographs)

Eugene Potapov, Richard Sale

The Snowy Owl (Poyser Monographs) Eugene Potapov, Richard Sale

The Snowy Owl - possibly the world's sexiest bird - needs little introduction. This massive white owl breeds throughout the Arctic, wherever there are voles or lemmings to hunt, from Scandinavia through northern Russia to Canada and Greenland. Southerly movements in winter see North American birds travel as far south as the northern United States, while infrequent vagrants on the Shetlands and other northern isles are a magnet for birders.

The Snowy Owl gives this popular bird the full Poyser treatment, with sections on morphology, distribution, palaeontology and evolution, habitat, breeding, diet, population dynamics, movements, interspecific relationships and conservation, supported by some fabulous photography. A major strength is the availability to the authors of Russian literature, which is generally out of reach for Western scientists.
