Cor Baby, That's Really Me! John Otway

There was a time when John Otway looked forward to platinum albums, stadium gigs, and a squad of bodyguards to see him safely aboard his private jet. Unfortunately it didn't happen that way. A series of dreadful career decisions, financial blunders and bad records left Otway down but not out. This is his true story in his own words. It is the story of a man who has never repaid a record company advance in his life, once put on a benefit concert for his record company after they had cancelled his contract, and signed himself to the mighty Warner Bros label simply by pressing his own records with the WB logo. This book is Otway's hilarious yet moving account of his insane assault on the music industry, a tale of blind ambition and rank incompetence, and a salutary lesson for aspiring musicians on how not to achieve greatness.
