Richard Reynolds

On Guerrilla Gardening: A Handbook for Gardening without Boundaries Richard Reynolds

On Guerrilla Gardening is an activist's call to arms to all citizens - green-fingered, green-thinking or curious - to join the revolution of guerrilla gardening: transforming public space into oases of colour and life. The enemy: neglect, apathy and the disintegration of community spirit. The arsenal: daring, a packet of seeds and a passionate commitment to social change.

When Richard Reynolds first embarked on guerrilla gardening, growing flowers by moonlight outside his tower block, he had no idea it was part of a growing global movement committed to cultivating the potential in the land regardless of all obstacles. Charting the battles fought across thirty different countries and the revolutionary history of this subculture, *On Guerrilla Gardening* is an inspirational take on gardening in the 21st century.
