The Draft Common Frame of Reference: National and Comparative Perspectives (Ius Commune Europaeum)

The Draft Common Frame of Reference (DCFR) is the result of more than 25 years of academic research on European private law. The final academic version of the DCFR was published in October 2009, and currently the European Commission is undertaking a selection process in order to determine which parts of the DCFR will be included in a 'political' CFR. Against this background, this book presents and critically analyzes the DCFR and situates it in relation to current Belgian law. (Series: Ius Commune Europaeum - Vol. 99)
