If You Were Sober, Would You?: A mind boggling tale of a family's 4 year emigration to Spain, their highs and lows, the low down on the ... and their eventual return. It's amazing! Patrick Malmsteen
It's chapter after chapter of tears and laughter, highs and lows, and the amazing journey of the author and his family and their emigration to Spain. They went, as so many do, without any idea as to how they would live, Spanish customs, language problems, the cost of living, and change of lifestyle. The author details the financial shenanagens when buying a house, the commissions some unscrupulous agents will charge and how the bank's make their money. Finally the reader will learn about the final straws that broke the camel's back and their harrowing return to the UK. The book's a must for anyone thinking about moving to sunnier climes, the many pitfalls involved and how to avoid the heartaches and financial pain that the author and his family endured.
