The Outer Girl Is Different, but what about Her Heart?

It's makeover time as Serenity sets out to do a radical overhaul on her closet--and her image. But major changes in her hair, her clothes, and her attitude just leave her feeling all wrong. Can she find her own voice--and the right hair color--before she loses herself completely?

Then, in a mini-movie that harkens back to the horror films of the 1930s, Serenity and her friends create "Fraulein Stein's Monster." When a mad scientist becomes obsessed, will the monster soon be the master?
