Who Lives in the Snow?

Jennifer Berry Jones

Who Lives in the Snow? Jennifer Berry Jones

On the surface, the snow looks quiet and serene. But beneath its white expanse, unsociable shrews go hunting, voles tunnel to the surface, and chipmunks awaken to nibble on seeds. Through scientifically accurate text and lifelike illustrations, this book introduces young readers to the unseen life in the world of winter. Readers can see the animals described on each page glow, and play a matching game at the end of the book to learn about the relationship between predators and prey in their quiet winter habitats.
