Working the Night Shift: Women in India's Call Center Industry Reena Patel

Relatively high wages and the opportunity to be part of an upscale, globalized work environment draw many in India to the call center industry. At the same time, night shift employment presents women, in particular, with new challenges alongside the opportunities. This book explores how beliefs about what constitutes "women's work" are evolving in response to globalization.

Working the Night Shift is the first in-depth study of the transnational call center industry that is written from the point of view of women workers. It uncovers how call center employment affects their lives, mainly as it relates to the anxiety that Indian families and Indian society have towards women going out at night, earning a good salary, and being exposed to western culture. This timely account illustrates the ironic and, at times, unsettling experiences of women who enter the spaces and places made accessible through call center work.

From reader reviews:

Jena Alvarez:

What do you concentrate on book? It is just for students because they're still students or the item for all people in the world, what best subject for that? Simply you can be answered for that query above. Every person has different personality and hobby for each and every other. Don't to be forced someone or something that they don't would like do that. You must know how great along with important the book Working the Night Shift: Women in India's Call Center Industry. All type of book would you see on many options. You can look for the internet options or other social media.

Janette Collins:

Are you kind of busy person, only have 10 or maybe 15 minute in your day time to upgrading your mind proficiency or thinking skill also analytical thinking? Then you have problem with the book as compared to can satisfy your small amount of time to read it because this time you only find publication that need more time to be learn. Working the Night Shift: Women in India's Call Center Industry can be your answer mainly because it can be read by you actually who have those short free time problems.

Harry Dwyer:

On this era which is the greater particular person or who has ability in doing something more are more precious than other. Do you want to become one of it? It is just simple strategy to have that. What you are related is just spending your time not much but quite enough to experience a look at some books. One of many books in the top checklist in your reading list is Working the Night Shift: Women in India's Call Center Industry. This book which can be qualified as The Hungry Inclines can get you closer in growing to be precious person. By looking upwards and review this publication you can get many advantages.

Clayton Bruce:

As a college student exactly feel bored for you to reading. If their teacher expected them to go to the library or even make summary for some reserve, they are complained. Just small students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Working the Night Shift: Women in India's Call Center Industry can make you truly feel more interested to read.
