**The Size of Thoughts: Essays and Other Lumber (Vintage Contemporaries)** Nicholson Baker

**The Size of Thoughts**, a collection of essays that have appeared in the New Yorker and other publications, includes one never-before-published piece on the world of electronics. The essays celebrate the joy--and exquisite details--of everything from library card catalogs and reading aloud to the significance of wine stains on a tablecloth.

Baker turns any subject, from feeding a child to phone sex, into literature with a style that is sparkingly original, frequently beautiful, and always thought-provoking. *The Size of Thoughts*, through its varied forays into the realms of the overlooked, the underfunded, and the wrongfully scrapped, is a funny book by one of the most distinctive stylists and thinkers of our time.
